Hey,

Welcome to another edition of Youth Unlimited, written by youth for youth. We've enjoyed writing this one as much as the others and hope you enjoyed reading it. I'd like to firstly say thank you to those of you who voted for me to become the Member of Youth Parliament in Kingston and to assure you that now exams are over I'm beginning to work on many upcoming projects with the youth council, for example myself and last years MYP Chris Fullbrook are hoping to launch a campaign with the Odeon, Kingston, to look at Cinema prices... but we're not promising anything yet!

I want to take this opportunity to wish you all good luck with your exam results this summer, I'm sure they'll all be what you want but if not remember, just like many of us, there's always next year! If your results aren't what you expect then its not the end of the world – that's what I keep telling myself anyway J

We've got a packed year ahead of us, and we'd love you to be involved. Coming up in October we are working on Black History Month and the Reel Event. Soon you may see us in your schools as we are starting to work with your school councils so we know directly what you want. We are now supporting the Guardian Centre for the Blind as our charity for this year along with many other projects and campaigns taking place so if you want to get involved with any of these individually or as a group then please do email us.

As you flick through this work of art, amazed at the glory it holds, if you think something is missing then why don't you email us your idea? We are always looking for new members to join the magazine group, but if you don't want that commitment then write an article on a topic of your choice and email it to us to appear in the magazines – no strings attached.

'If you believe you can or you believe you cant you're absolutely right'

Henry Ford

(Once again good luck with you exam results!)
