

HIYA

Welcome back all!
Finally the long awaited third issue is here.

For this issue we have put together a bunch of different articles that we all hope that you will find enjoyable and fairly interesting. You'll find anything from fashion, to solvents' and your favourite superhero's, plus a few regulars like Tom's rant, the schools news and the KYC page.

Because of the big team we have, we get all kinds of opinions and views from loads of different people. Unlike most youth magazines, this is written by young people. Youth Unlimited tries to include all issues that you as a young person may want to read about and we are always open to suggestions for you.

If you have any ideas in ways that we could improve the magazine or you have an article you would like published then feel free to contact us....

Also, as of September we have some spaces on the team. So if you want to get involved... Let us know!!! We hope you enjoy this issue and look out for number 4 coming to schools and youth centres very soon!

Thanks from the team

Enjoy!
